

WHAT RMA'S CLIENTS HAVE TO SAY...

"Because of the regular auditing he does on our safety program, we continue to see a drop in our worker's compensation claim count and severity of injuries. Without reservation, we highly recommend Gary Heppner's services...."

— Sam Bettencourt, President and CEO, Stanislaus Farm Supply, Modesto, CA

"He has brought our safety program into compliance and assists in closing open lingering injury claims."

— Danny O'Day, President and Chairman of the Board, Valley Fresh Foods, Inc., Denair, CA

"Gary Heppner was the greatest contributor to my experience modification going from over 150 to as low as 79 percent. I appreciate and recommend Gary because I have witnessed first-hand how his program immensely contributed to our family business and bottom line...."

— A.J. Dejager, Vista Verde Dairy, Chowchilla, CA

OSHA Compliance Consultant

It's time to give your safety program a physical!

It's a fact that if you have a well-documented safety program that is enforced consistently, it will work.

Evidence of it working is that your experience modification will drop and stay into the 80's or lower.

The problem is most employers wait until the frequency of claims increases and/or you have an expensive injury. Even then, most are slow to respond. In this case, the "physical" I'm suggesting is a mock OSHA audit.

This audit is **FREE** to the first five individuals or companies that contact me by e-mail.

What does this mock OSHA audit consist of?

✓ You give me a point person to communicate with by e-mail.

✓ I will ask questions similar to those OSHA would ask if they were auditing your safety program.

✓ Your point person will e-mail/fax about 5-6 documents from which I will review and create a written report for management.

A confidentiality agreement will be sent prior, guaranteeing that I will be the

only one reviewing your documents. And no financial information will be requested.

The report is free and you may ask any questions you wish. If you wish to just say thank you and go no further, it will be your decision without any obligation whatsoever.

Options, if you wish to continue, include purchasing my easy-to-follow guide for \$199.

Step-by-step it will guide you to creating your company's own successful safety program. It is laid out in a way that makes it easily adapted to your company's specific needs.

RMA also offers additional services, including leading an on-site kick-off of the safety program, auditing property and casualty exposures, and providing many safety training topics in Spanish.

Stop paying thousands of extra dollars in penalty premiums and put this program to work at reducing your costs.
